**\*\*\*\*\* NFL PLAYOFFS: YOU WIN SOME & YOU LEARN SOME \*\*\*\*\***

**\*\*\*\*\* LUCKY NUMBER "7"**

**The Only Undefeated Season In NFL History:**

1972 "Miami Dolphins," achieved 14-0 WL Record (Regular Season)...  
plus 3 WINS in Playoffs, including Super Bowl #7 WIN, versus "Washington," score 14-7

**The Almost Undefeated Season In NFL History:**

2007 "New England Patriots," achieved 16-0 WL Record (Regular Season)...  
however, "New England" LOST in Super Bowl #42, versus "New York Giants," score 17-14

**Lowest WL Record To Win Super Bowl:**

2011 "New York Giants," achieved 9-7 WL Record (Regular Season)...  
plus 4 WINS in Playoffs, including Super Bowl #46 WIN, versus "New England," score 21-17

**Lowest WL Record To Never Miss Playoffs:**

The 12-4 WL Record always guarantees "Qualifying" for the Playoffs.  
Fact: the 12-4 WL Record has WON "12" Super Bowl Titles (the "Most Titles" by any WL Record).  
Noteworthy: the 10-6 WL Record Playoff Teams have "NEVER LOST" in the Super Bowl Final.  
Note: but, the 10-6 WL Record Playoff Teams, have only WON "4" Super Bowls, in 55 years.

**Highest WL Record To Miss the Playoffs:**

The 11-5 WL Record Team usually "Qualifies" for the Playoffs, with 2 "Exceptions" in NFL History.  
The 2008 "New England Patriots," achieved 11-5 WL Record (Regular Season), but missed Playoffs.  
Why? Because of losing "Playoff Ties" versus "11-5 Miami Dolphins" & "11-5 Baltimore Ravens"  
The 1985 "Denver Broncos," achieved 11-5 WL Record (Regular Season), but missed Playoffs.  
Why? Because of losing "Playoff Ties" versus "11-5 New York Jets" & "11-5 New England Patriots"

**Lowest WL Record Ever To Qualify For The Playoffs:**

The 2020 "Washington Football Team," achieved only a 7-9 WL Record (Regular Season).  
The 2010 "Seattle Seahawks," achieved only a 7-9 WL Record (Regular Season).  
Note: both of these 7-9 WL Teams, WON their respective DIVISIONS, in those specified years.

**The Lowest Possible WL Record That Could Ever Qualify For The Playoffs:**

"The Incredible Statistical Anomaly," that could "Theoretically Happen," within a given year is...  
Wherein every Team, within a DIVISION, achieves a WL Record of "0-Wins & 10-Losses & 6-Ties"  
Question: "How Low Can You Go?"  
Answer: "Zero Regular Season WINS & still WIN a DIVISION... what you know about that?"
